# Environment

La Couronne is a 3 star hotel located in a historic building in the heart of Morges. The hotel blends its classic architecture with modern comforts to offer you an enjoyable event and a night's stay with complimentary breakfast. Our central location allows you to discover Morges and its surrounding beauty with ease. At our doorstep is the biweekly market on the Grand-Rue and just a two minute walk is the Lac Léman and a stunning panorama of the Alps.

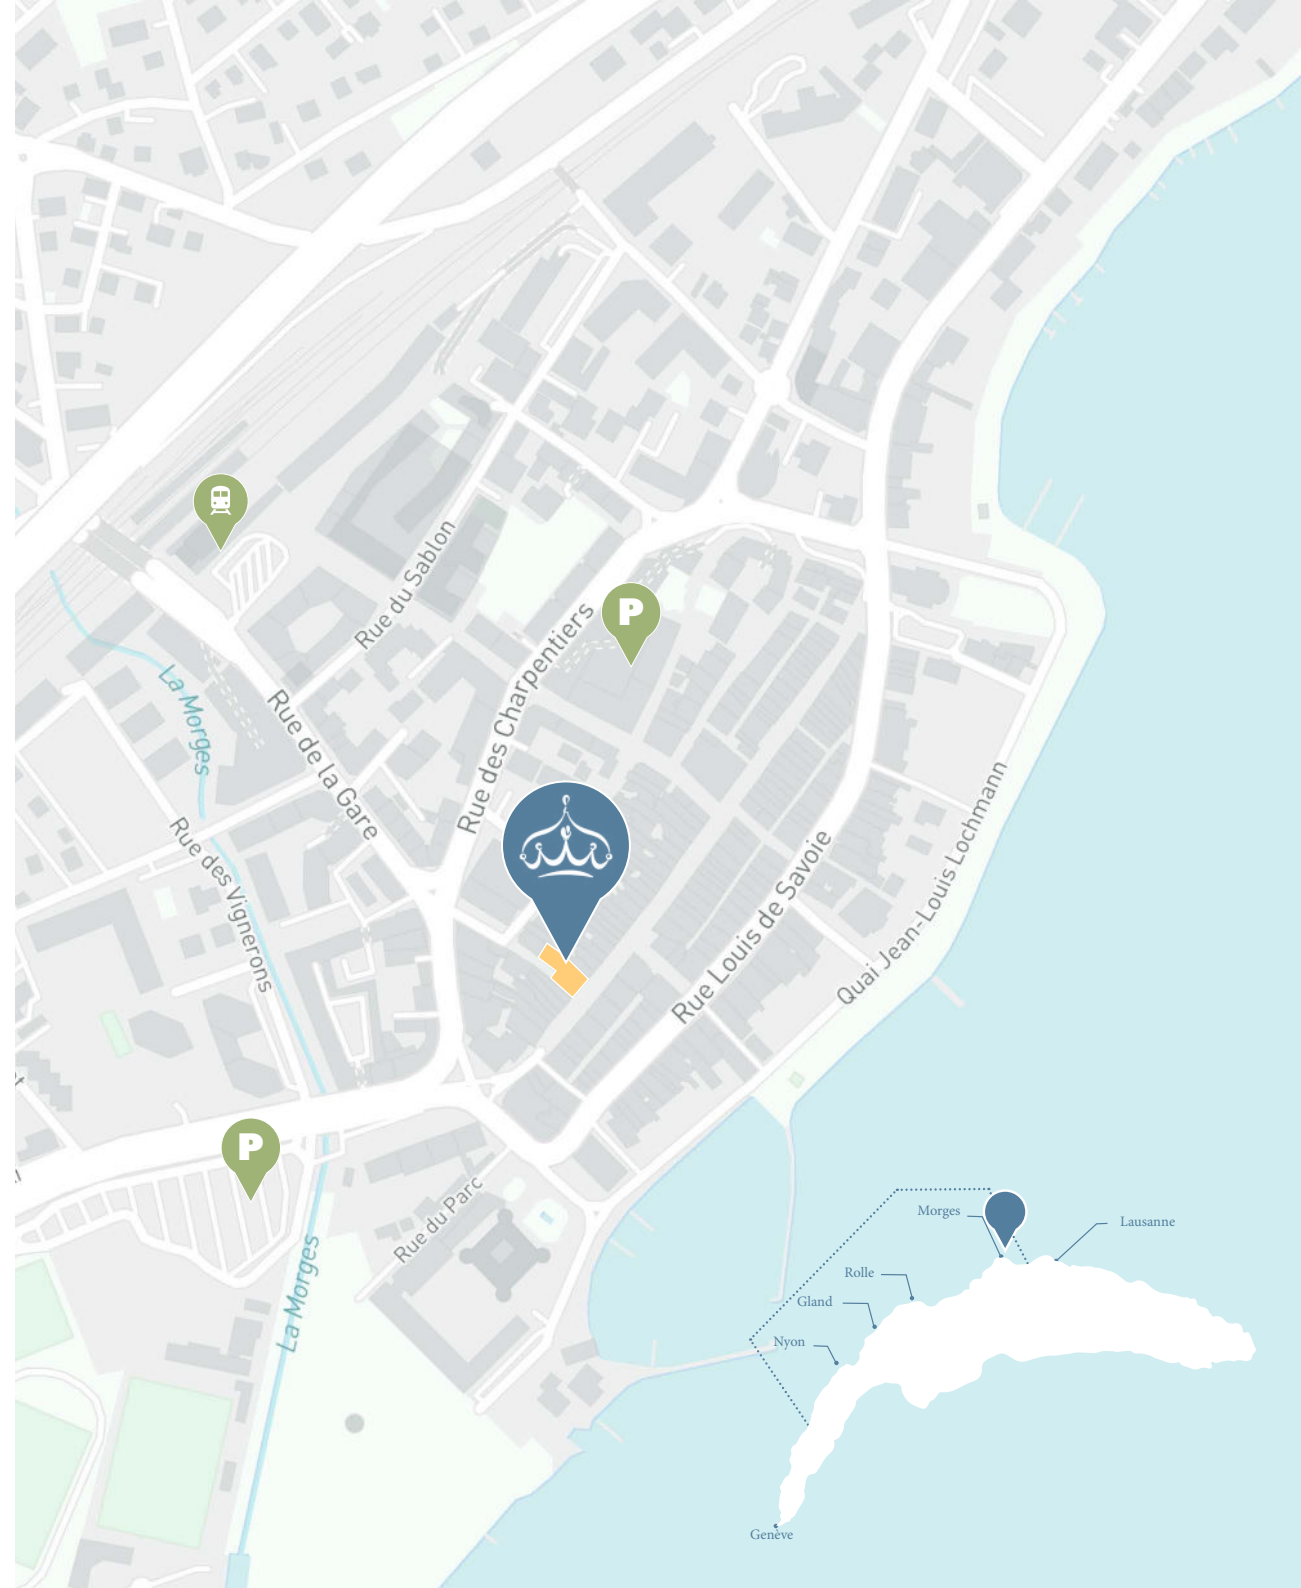

## Morges

For lovers of gardens, architecture, and art, Morges has lakeside paths with water access, parks, children's activities, and viewpoints of the Mont Blanc and the southern French coast of Lake Geneva. For historians, the Morges castle, built in 1286 by the House of Savoy, is home to several historic museums with over 10,000 artifacts from military items, furniture, and art from the 16th to 19th century. The small towns and villages of Rolle, Aubonne, Vufflens-le-Château, St. Prex, St. Sulpice, and their Romanesque churches are also local tourism sights surrounded by vineyards and viewpoints. In and around the regions are hiking and biking trails which lead across fields, vineyards, and forests.

# Location

With a close proximity to the lakefront (100m), the historic castle grounds (100m) and to train station (300m), La Couronne is situated at the center of everything Morges has to offer. The hotel is also only 20 and 30 minutes away to Lausanne and Geneva respectively.
